

Christmas by Heart

Daily Memory Chart

Put this chart on a wall where you'll see it.
Every day, if you say your old verses and learn your new verse, give that day a big red "X".
Watch the chain of X's grow. Don't break the chain!

This chart is blank, so that you can fill in the dates yourself.

Around the end of the ninth week, you can stop saying the Christmas stories every day.
You can schedule your next recitations on your normal calendar (see page 123 in the book).

But if you like your new memory habit, **keep learning new verses** every day.
Visit BooksByHeart.com for more books of rhythmic verses (like *Lent by Heart*).
